EMPLOYMENT

Associate Software Engineer – Backend

SRKay Consulting Group Pvt. Ltd., Surat | May 2023 – Present

- Worked on **Grading Management System (GMS)** and **Party Management System (PMS)** modules of the company's enterprise project.
- Built dynamic reporting tools using StreamSet with database-driven row/column mapping.
- Developed party and country-wise discount logic responding to U.S. tariff changes.
- Upgraded **multiple microservices (PMS, IMS, PEF, Layout-MS)** from (Sails.js)**Node.js 12 → 22(Expressjs)** with modernized code structure and testing. Improved modularity, scalability, and system reliability across services.

Backend Developer Intern

SRKay Consulting Group Pvt. Ltd., Surat | Jan 2023 – Apr 2023

- Built the **Sphere Employee Feedback System** using **Node.js**, **Express.js**, and **SQL Server**.
- Implemented login, signup, MPIN, and anonymous feedback modules.
- Designed dynamic score charts and analytics for engagement insights.
